**STEP 1: SCOPE/SCREENING**

- High Priority Chemicals
- 10 Workplan Chemicals & Manufacturer Requested

**CONDITIONS OF USE**

- Exposures
- Hazards
- Susceptible Populations

**STEP 2: REFINED RISK EVALUATION**

**High-Quality Refined Risk Evaluation**

- **EXPOSURE ASSESSMENT**
- **HAZARD ASSESSMENT**

Evaluation incorporating Sections 6 and 26 of the Lautenberg Chemical Safety Act (LCSA):

- **Scientific Standards**
- **Weight of Scientific Evidence Evaluations**

**DRAFT Risk Evaluation**

- Certain Conditions of Use
  - Present an unreasonable risk
    - RULEMAKING
  - Do not present an unreasonable risk
    - No further action; PROCESS COMPLETE

**Final Risk Evaluation**

- High Priority Chemicals
- 10 Workplan Chemicals & Manufacturer Requested

No further risk evaluation

Refined risk evaluation needed

**Notes:**

- Peer Review
- Public Comment Period
