ACC LAUNCHES ADS HIGHLIGHTING SEN. MIKE ROUNDS *Ads emphasize Rounds's leadership for South Dakota families and small businesses*

WASHINGTON (July 8, 2019) – The [American Chemistry Council](http://www.americanchemistry.com) (ACC) will run issue advertisements highlighting Sen. Mike Rounds (R-SD) for his leadership on reforming taxes for South Dakota families and small businesses.

“Sen. Rounds is a leader on taxes, helping ease the burden on South Dakota middle class families and small businesses,” said ACC President and CEO Cal Dooley. “His work in Washington has helped lead to record low unemployment and has allowed businesses to innovate and expand.”

The radio and television ads for Sen. Rounds will run for two weeks throughout South Dakota and will encourage constituents to contact the office of the senator to tell him to keep up the good work.

The American Chemistry Council (ACC) represents the leading companies engaged in the business of chemistry. ACC members apply the science of chemistry to make innovative products and services that make people's lives better, healthier and safer. ACC is committed to improved environmental, health and safety performance through Responsible Care®, common sense advocacy designed to address major public policy issues, and health and environmental research and product testing. The business of chemistry is a \$526 billion enterprise and a key element of the nation's economy. It is the nation's largest exporter, accounting for fourteen percent of all U.S. exports. Chemistry companies are among the largest investors in research and development. Safety and security have always been primary concerns of ACC members, and they have intensified their efforts, working closely with government agencies to improve security and to defend against any threat to the nation's critical infrastructure.
