Re: ACC Code of Practice Engine Test Registration Fees

The American Chemistry Council (ACC) Petroleum Additives Panel has approved an increase in the engine test registration fees from \$ 50 (fifty dollars) to \$150 (one hundred and fifty dollars) per scheduled/registered engine test. This registration fee will become effective on April 1, 2012 at 12:01 a.m. Eastern Daylight Time.

The ACC Product Approval Protocol Task Group (PAPTG) continually reviews the ACC engine test registration fees to ensure that they are appropriate, and adjusts them as required to maintain a self-sustaining system.
