Re: ACC Code of Practice Sponsor Code Definition Clarification

Based on recent discussions it appears that there is some confusion in regard to the Sponsor code as defined in the ACC Code of Practice.

Sponsor Code: An up-to-ten character field assigned by the Test Sponsor to facilitate tracking and auditing. The Test Sponsor inserts this code.

A Sponsor Code change is required when any change other than a minor modification, as defined in Appendix H, is made to an existing candidate formulation.

Comments to this Alert should be sent to the PAPTG Manager, [W.D. \(Doug\) Anderson](#).
