Product Approval Code of Practice**

Date: January 23, 2002

Re: IIIFHD Registration

On January 17, 2002, the American Chemistry Council Petroleum Additives Product Approval Protocol Task Group (PAPPTG) agreed that the IIIFHD test would be brought into the Product Approval Code of Practice. Accordingly, registration of the IIIFHD will start Wednesday, January 23, 2002 (12:01 a.m. EST). From that date, IIIF tests may be registered as either IIIF, IIIFHD, or both (Note: Dual registrations will incur dual registration fees). Additionally, PAPPTG agreed that an existing registered IIIF test may be retroactively registered as a IIIFHD test until April 1, 2002.
