

Petroleum Additives Product Approval Code of Practice

ALERT BULLETIN

To: Practitioners of the ACC Product Approval Code of Practice

Date: March 3, 2008

Re: Clarification of Online ACC Candidate Engine Test Registration

The American Chemistry Council Product Approval Protocol Task Group (ACC PAPTG) is providing clarification regarding the use of the online ACC Candidate engine test registration form provided by the ACC Monitoring Agency (ACC MA). Under the guidelines set out in the August 2007 ACC Product Approval Code of Practice, ACC tests sponsors may register Candidate engine tests either by facsimile or online, as long as the appropriate form provided by the MA is properly completed.

Although both online and facsimile registrations are acceptable, ACC PAPTG encourages all test sponsors to use the online system provided by the ACC MA.

Comments to this ACC Alert Bulletin should be directed to the ACC PAPTG Manager, [W.D. \(Doug\) Anderson](#).
