Our Scope

A voluntary national outreach effort, established in 1986, that focuses on assisting communities prepare for and respond to a possible hazardous material transportation incident.

Transcaer® members consist of volunteer representatives from:

- Chemical Manufacturing
- Transportation Carriers
- Distribution
- Industry Associations
- Emergency Response Personnel & Industries
- Government

Our Purpose

- Promotes safe transportation and handling of hazardous materials.
- Educates and assists communities near major transportation routes about hazardous materials.
- Aids community emergency response planning for hazardous material transportation incidents.

Our Stakeholders

HazMat Shippers | Transporters | Regulators | General Public
--- | --- | --- | ---
Emergency Responders | Others Interested in the Community | Community Emergency Planners |
Since January 2015:

➤ TRANSCAER® approved API/AAR Crude by Rail Safety Course
➤ TRANSCAER® API/AAR Crude by Rail Safety Course presented during more than 20 national/state/local hazmat & emergency response conferences across the U.S.

➤ More than 500 have been instructed at state & regional conferences
➤ Program is being rolled out nationwide via TRANSCAER® Team Members/Class I Railroads.
➤ Program will be distributed via TRANSCAER® outreach.

Since December 2010, RFA has held:

➤ 165 Ethanol Safety Seminars
➤ Spanning 29 states
➤ 4,800 emergency responders trained

➤ 3 Ethanol Emergency Response Train the Trainer webinars/seminars
➤ Trained 610 qualified attendees to teach operator level ethanol emergency response.

500+ Instructed at State & Regional Conferences

165 Ethanol Safety Seminars since December 2010
Members of the United States Senate unanimously recognized the Transportation Community Awareness and Emergency Response (TRANSCAER®) program on its 30th anniversary with a Congressional Resolution (Senate Resolution 454) on April 28, 2016.

Transportation Rail Incident Preparedness & Response (TRIPR) Training Resource
TRANSCAER® along with a host of other National TRANSCAER® Sponsors (Association of American Railroads, American Petroleum Institute (API), and the Renewable Fuels Association) and other organizations such as American Short Line and Regional Railroad Association, FEMA, EPA, Coast Guard, etc., have joined with the U.S. Department of Transportation's Pipeline and Hazardous Materials Safety Administration (PHMSA) Team to create a NEW training resource called Transportation Rail Incident Preparedness & Response (TRIPR) specific to Flammable Liquid Unit Trains. This new resource is dedicated to Hazard Class 3 - Flammable liquids (specifically crude oil and ethanol).

PLANNING ASSISTANCE
Local community assistance to better understand and plan for hazmat transportation emergencies

TRAINING
Both classroom and hands-on training

DRILLS AND EXERCISES
Drills to improve the response and handling of actual hazmat emergencies

WHISTLE STOP TOURS
Hazmat safety training to communities in states along rail corridors

REFERENCE AND TRAINING MATERIALS
Technical information about chemicals and transportation equipment for both training and actual emergency response

NATIONAL CONFERENCES AND WORKSHOPS
Best practices, new programs and resources, and networking with each other

STATE COORDINATORS
States have a team or coordinator to help local responders connect with chemical and hazardous materials carriers and shippers conferences

GET INVOLVED

NATIONAL TRANSCAER® TASK GROUP PROVIDES:
➤ Strategic Leadership resources and assistance to Regional Coordinators & State Teams

REGIONAL & STATE COORDINATORS:
➤ At the regional and state level, TRANSCAER® representatives work to implement the TRANSCAER® process

EFFECTIVENESS
➤ TRANSCAER® equals TRUST with emergency response community
➤ Recognized multi-industry, long-standing & successful emergency preparedness program
➤ Collaboration between stakeholders (industry/carriers/government/responders)
➤ Relationships with federal agencies
➤ Increased federal grant funding
➤ Increase in training programs offered
