

## **Snapshot: Anticipated Regulatory Burden Facing the Chemical Sector**

The below table represents a small snapshot of some of the regulatory burden facing the chemicals and plastics industry.

Rule	Agency	Annual Cost
Climate disclosure reporting*	SEC	\$2,586,000,000
Asbestos Chrysotile	EPA	\$39,000,000
CERCLA PFOA/PFOS**	EPA	\$2,528,000,000
RMP	EPA	\$297,000,000
Ethylene Oxide Sterilizers	EPA	\$88,000,000
NESHAP HON	EPA	\$130,000,000
MCL PFAS***	EPA	\$1,548,000,000
Methylene Chloride	EPA	\$40,000,000
Revisions to AERR	EPA	\$343,000,000
Federal "Good Neighbor" Plan for 2015 Ozone Standard	EPA	\$770,000,000
PFAS Reporting Rule Under TSCA	EPA	\$802,000,000
Perchloroethylene	EPA	\$14,000,000
NMP	EPA	\$397,000,000
Revisions to PBT Regulations	EPA	\$416,000,000
TOTAL		\$9,998,000,000

Sources: Unless noted, all rules are major rules and all annual cost estimates are from the issuing agency,

discounted at 7%, and reflect the total cost to all entities that must comply with the rule.

\* This cost estimate is derived from the SEC estimated paperwork burden and is not discounted.

\*\* This ACC cost estimate accounts for the indirect cost of the rule and is not discounted.

\*\*\* The annual cost of this rule was discounted at 2% in accordance with revised OMB Circular A-4.
