The Honorable Sheldon Whitehouse
Ranking Member
Committee on Environment & Public
United States Senate
456 Dirksen Senate Office Building
Washington, D.C. 20510

Dear Chairman Capito and Ranking Member Whitehouse:

On behalf of U.S. manufacturers and innovators, we write to express strong support for the nomination of Douglas M. Troutman as the Assistant Administrator for the U.S. Environmental Protection Agency's (EPA) Office of Chemical Safety and Pollution Prevention (OCSPP). We represent an alliance of job creators from a broad spectrum of the economy at all points along the chemicals value chain and the American manufacturing sector it supports. We understand the vital need to have a strong and experienced leader for this office at EPA.

Mr. Troutman's decades of experience, strong leadership skills, and sound judgment make him well-suited for this critical role. During his nearly 18 years at the American Cleaning Institute (ACI), Mr. Troutman served in a leadership role and was responsible for government affairs and legal functions. He is directly familiar with the key statutes OCSPP is responsible for implementing, including the Toxic Substances Control Act (TSCA) and the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). He recognizes the necessity of well-functioning regulatory systems evaluating and permitting chemicals and pesticides and the need for American consumers and businesses to have confidence in the EPA.

At ACI, Mr. Troutman has been an effective advocate for risk-based policies based on the best available science. He has been a vital partner with many of our organizations and worked effectively with a variety of stakeholders and policymakers. His collaborative and collegial approach made him widely respected among his colleagues and will serve him well at EPA.

Having a strong leader with deep experience is essential to carrying out OCSPP's mission. Mr. Troutman has the right experience and skillset for the Assistant Administrator role, and we urge the committee and full U.S. Senate to quickly confirm him for this position.

Sincerely,
