ACC ASSOCIATE MEMBERSHIP

With a direct impact on the vitality of the marketplace, the American Chemistry Council (ACC) is at the forefront of the chemical industry's most important policy issues. ACC members are leaders across the value chain, in everything from manufacturing and transportation, to storage, disposal, logistics, and marketing.

ACC Associate membership distinguishes your company as a strategic partner and essential provider to the business of chemistry. Membership in ACC's Associate program offers your company premiere visibility and access to industry leaders and decision makers. Membership showcases your alignment with the industry, your expertise, and your offerings.

BENEFITS

- Business development and networking opportunities
- High impact marketing and branding opportunities
- Access to exclusive ACC events
- Intelligence on industry issues and activities

"As topics of sustainability, circularity, and competitiveness become increasingly important to our clients across industries, our teams at Kearney understand the role that chemicals play in building a business of the future. Being an associate member of the ACC serves to reaffirm our commitment to our global chemicals clients and provide the firm with valuable opportunities to participate in the discussions shaping the future of the chemicals industry."
– Andy Walberer, Partner and Global Chemicals Lead, Kearney
