

July 25, 2017

Dear Colleagues:

Twenty-two companies have demonstrated compliance with the American Chemistry Council (ACC) Product Approval Code of Practice for the period of June 30, 2016 through June 30, 2017. All twenty-two companies submitted a Letter of Intent. Eighteen companies completed the ACC compliance audit checklist and four companies provided verification from the ACC Monitoring Agency that no candidate engine tests were scheduled or registered.

The ACC Product Approval Protocol Task Group (PAPTG) is pleased to recognize the following organizations:

Afton Chemical Corporation  
Afton Chemical Corporation Test Laboratory  
Ashland/Valvoline Engine Testing Laboratory
