

July 11, 2019

Dear Colleagues:

Twenty-five companies have demonstrated compliance with the American Chemistry Council (ACC) Product Approval Code of Practice for the period of June 30, 2018 through June 30, 2019. All twenty-five companies submitted a Letter of Intent by the due date. Nineteen companies completed the ACC compliance audit checklist and six companies provided verification from the ACC Monitoring Agency that no candidate engine tests were scheduled or registered.

The ACC Product Approval Protocol Task Group (PAPTG) is pleased to recognize the following organizations:
